Re: Application of Syniverse Technologies, Incorporated for a Certificate of Public Convenience and Necessity to Provide Resold and Facilities-Based Local Telecommunications Services and for Flexible Regulation
Docket No.: 2007-466-C

Dear Mr. Terreni:

Please allow this correspondence to serve as notification that Syniverse Technologies, Inc. ("Syniverse") has sufficiently addressed all concerns the Office of Regulatory Staff ("ORS") had in the referenced docket. ORS has reviewed this matter with the parties in this docket and does not oppose the request of Syniverse to expand its authority to provide resold and facilities based local telecommunications services, for its request for flexible regulation and its request for expedited review of this matter.

ORS made recommendations to Syniverse regarding its tariff, and those recommendations have been incorporated in the re-revised tariff filing on February 25, 2008. Furthermore, Syniverse filed an Amended Application, on February 22, 2008 further addressing any ORS concerns. Therefore, ORS does not oppose the application or the expedited review request of Syniverse.

Thank you for your consideration in this matter.

Sincerely,

C. Lessie Hammonds
